

EU–Ukraine Construction Sector: Business Engagement and Investment Opportunities

Business engagement and investment session organised jointly by the European Commission (DG ENEST and DG GROW), and FIEC (European Construction Industry Federation)

Date & time	27 October 2026, 13:00 – 16:15 CET
Location	Ukraine House Brussels, Sq. du Val de la Cambre 2
Format	Hybrid – in person and online
Target group	European and Ukrainian companies across the construction value chain; national construction federations
Language	English
Registration	Request participation here: EU-Ukraine Construction Sector: Business Engagement and Investment Opportunities
Contact	eu.ua.business.engagement@lt.ey.com

About the session

Ukraine's reconstruction will require significant investment and mobilisation of the construction sector, with recovery and reconstruction needs estimated at almost USD 588 billion over the next decade. Housing alone accounts for almost USD 90 billion, with around 14% of Ukraine's housing stock damaged or destroyed.

This hybrid event **brings together European and Ukrainian construction companies, national construction federations, EU representatives, Ukraine Government and Agencies representatives and financial institutions to discuss concrete business and investment opportunities in Ukraine.** The event is open to companies and federations across the whole construction value chain.

Why attend: Participants will hear an **overview of Ukraine's reconstruction needs and EU support** for private sector engagement, learn about **upcoming public procurement and tender opportunities** in Ukraine, including under IFI-financed projects, and discuss **modular and offsite construction solutions** for rapid housing reconstruction. An **interactive exchange between companies** will focus on potential partnerships, investment barriers and support needs, followed by networking. Participants will meet new partners, explore concrete investment opportunities and agree on targeted next steps, including bilateral meetings and engagement with financial institutions.

Due to limited venue capacity, participation is subject to confirmation by the organisers.

Agenda

13:00 – 13:20	Opening remarks <i>Ambassador of Ukraine to the EU, FIEC, European Commission</i>
